EPA_PassaicRiverRemovalAction_2013.docx

Hi Gabriela.

I got a copy of the final bill from Alice and modified what you sent me to reflect the most current info. Please see the attached and let me know if you have any questions or need anything further.

Thanks,

Elizabeth

Hi Elizabeth,

Alice knows of my request and said she would provide an update of the RM 10.9 Removal. If there is anything else that may be reported and you don't mind checking with her, that would be great.

Thank you!!

Gabriela.

Hi Gabriela.

I was actually working on the most recent set of bills before I had Jacob, so Alice ended up completing them in my absence. I don't have copies of the final bills available to me at home, so I can't immediately answer your question but I can certainly get that info from Alice. When do you need a response by? I don't recall off the top of my head what time period the current bills cover but it will probably also be retroactive. Since the removal action was completed in 2012, soon there will be nothing to report, but I'll let you know when we get there.

Thanks,

Elizabeth

Hi Elizabeth,

Sorry to bug you while on leave. Please let me know if you can help me with this or I should resend my question elsewhere.

Once again, I'm putting together HEP's annual report to the National Estuary Program about activities carried out by HEP partners related to the NY-NJ Harbor Estuary. I was hoping you would be able to provide an update on activities carried out and amounts contributed by EPA during this fiscal year (Oct-1-13 through Sep-30-14) and/or the previous one. Last year, there were no \$ amount estimates available but I reported retroactively for the previous FY. Attached is what I reported last year, so any available info that's more recent than that would be great.

Thank you in advance for your time and help!

Gabriela.
